

BISPHENOL (Diphenylolpropane)

GOST 12138-86 with Amendment 1

| Properties | Grade A |
|---|--------------------------|
| Appearance | White crystals or flakes |
| Crystallization temperature, °C, min | 156,5 |
| Colour of solution in ethyl alcohol, platinum-cobalt scale units, max | 30 |
| Colour of melt as per platinum-cobalt scale units, max | 40 |
| Mass fraction of remains after burning, %, max | 0,002 |
| Iron fraction by mass, %, max | 0,0001 |
| Phenol fraction by mass, %, max | 0,02 |
| Water fraction by mass, %, max | 0,2 |

HAZARD IDENTIFICATION AND SAFETY REQUIREMENTS

Causes serious eye damage. May cause an allergic skin reaction. Complete safety requirements are written in the safety data sheet.

TRANSPORTATION

In sacks, big-bags

APPLICATION

As monomer (intermediate) in production of other chemicals (resins/polymers)
