

## BUTYL ACETATE

GOST 8981-78

Parameters	Grade A
Appearance (visual color)	Transparent colorless liquid
Butyl Acetate	Min 99,50%
Colority, Hazen units, max	10
Density at 20°C, g/cm <sup>3</sup>	0,809-0,811
Mass Fraction of Water	Max 0,05%
Mass fraction of acids in terms of acetic acid	Max 0,003%
Mass fraction of non-volatile residue, %, max	0,001
Distillation Range PI	Min 123,0 °C
Distillation Range PS	Max 126,0 °C

### HAZARD IDENTIFICATION AND SAFETY REQUIREMENTS

Flammable liquid. Causes drowsiness or dizziness. Hazard class 3. Complete safety requirements are written in the safety data sheet.

### TRANSPORTATION

In railway tank cars, tank-containers, in bulk, in stainless steel drums, IBC

### APPLICATION

Used as a solvent, in coating and cleaning agents.
